

Tax Bureau Reorganization Plan Heard

New York Banker Is Named Roving Ambassador, ETO

William H. Draper Is Nominated to Post by President Truman.

Washington, Jan. 14. (AP)—President Truman today nominated William H. Draper, Jr., New York banker and chairman of the Long Island Transit Authority, as roving ambassador in Europe under the Mutual Security Act.

He will succeed Charles M. Spofford of Boston who is resigning at the conclusion of the Lisbon conference of the North Atlantic Treaty Organization.

Draper will have the title of Special Representative in Europe. He will represent the Government as a whole and be responsible to the President.

The White House said that he will act for W. Averell Harriman, director for Mutual Security, in providing co-ordination, continuous supervision and general direction of the economic and military assistance programs.

The White House pointed out proposals for improvement of the treaty organization are under active consideration.

Passengers and Crew Saved as Plane Crashes

New York, Jan. 14. (AP)—A north-east airliner, trying to land in dense fog by radar, crashed today in the East River in the middle of New York City. All 33 passengers and three crewmen were saved.

The big, silver-and-blue plane, inbound from Boston, roared down out of the murky skies over the Bronx and dived with a great splash into the water a half mile short of La Guardia Field.

Passengers, some of them cut and all of them suffering shock, scrambled out and huddled about a jutting wingtip or thrashed about in the water as a dozen rescue craft swarmed to the scene.

"The first thing I knew, something fell on me," said a passenger, Donald E. McFarlane, 25, Needham, Mass. "A guy next to me grabbed an emergency exit. Everybody who could dived out as the water rushed in."

Survivors were carried to an improved emergency hospital at a Queens pier. Fifteen of them were taken later to hospitals, but only two were reported in serious condition.

Tommy's Step-Father Says He Didn't Harm the Child

"I didn't do it. I feel, however, that I could have stopped part of it. I was just away from home too much."

Thus spoke stocky, wavy-haired Robert Dale Simpson Monday referring to the beating that has hospitalized his four-year-old stepson, William Thomas Yates, in a semi-paralyzed and mute condition and sent his wife, Diana, to the state penitentiary for ten years.

Sitting in the small office of the Wilbarger County jail, Simpson, with a faint stubble of beard showing on his face, answered the questions freely which were put to him by a Vernon Record reporter.

Simpson was asked if he considers himself equally guilty along with his wife.

He answered that he didn't beat the child, but that he feels he could have stopped part of the beatings.

Simpson is charged with assault with intent to murder in connection with the Christmas Eve beating of the lad, now in a Dallas hospital. His case was passed by the January term of the grand jury.

The 24-year-old Simpson, who looks much like an average American youth, is originally from King City, Mo. He worked as an REA lineman here and attended a GI school after working hours.

He served with the U. S. Navy during the latter stages of World War II and served a total of 18 months before being discharged. He served overseas at Shanghai, China.

Simpson said he met his wife, then Diana Louise Yates, at Union Star, Mo., a little over three years ago. They were married at Mason City, Iowa.

"I didn't know she had a child when we were married," Simpson said. "She told me about Tommy after we had been married for a short time."

They came to Vernon, stayed a short while and then left. They

Western Powers Attempt to Shunt Vishinsky's Atomic Plan to New UN Commission

Paris, Jan. 14. (AP)—The Western Big Three formally proposed today that Soviet Foreign Minister Andrei Y. Vishinsky's new atomic proposals be shunted from the UN General Assembly to the newly created Disarmament Commission.

Britain, France and the United States circulated a resolution to that effect.

The three powers were treading carefully until they could get a chance to gauge the effect on world opinion of Vishinsky's offer to make a ban on atomic weapons simultaneous with establishment of a control system and to permit continuous UN inspection—rather than only periodic checks—of atomic energy facilities.

Many high sources felt that the Russian diplomat had scored a propaganda triumph that the West must counter with extreme care and delicacy.

The western position so far was that the Vishinsky proposals offered nothing the General Assembly could take up profitably now, and the Disarmament Commission is the proper forum for the Russian move.

A British spokesman said in

Vishinsky's move a victory for western persistence in resisting the earlier Russian demands for immediate and unconditional prohibition of the atomic weapon.

These modifications of the Russian position, the spokesman said, evidently resulted from the secret Big Four disarmament talks held last month.

This, he said, gave rise to a hope discussions on atomic control in the Disarmament Commission might bring the East and West closer together on the subject.

\$15 Billion Deficit Seen In New Year

Washington, Jan. 14. (AP)—President Truman's financial chart for the Government next year adds up to about a 15 billion dollar deficit, officials said today.

That would be two to three times bigger than any red ink operation since World War II. It probably would swell the national debt close to or above the present legal limit of 275 billions.

Authorities familiar with the figures but preferring not to be quoted directly told a reporter this is the picture President Truman will present to the election-year Congress in his annual budget message one week from today, barring last minute changes:

1. Government spending in the fiscal year beginning July 1 will reach about 85 billion dollars, up from an estimated 70 billions for the current year and only 45 billions last year.

2. Present tax laws will bring in about 70 billions next fiscal year, leaving an estimated deficit of approximately 15 billions if conditions remain unchanged.

3. Mr. Truman in this election-year won't demand excise or income tax boosts to close the gap between out-go and income.

4. Instead, the Administration will press for tighter tax enforcement and closing of alleged "loopholes."

5. Large portions of the 85 billion dollar spending program were authorized by Congress in past years.

Murder Trial Gets Under Way

Testimony in the trial of William L. Kirk, charged with murder with malice aforethought in the gambling parlor slaying last September of another Negro, Roosevelt Smith, got underway in 46th District Court here Monday morning following selection of a jury.

Kirk's attorneys entered a plea of not guilty and three witnesses called by District Attorney Leon Douglas had taken the stand prior to the time a court recess was called by Judge Jesse Owens at 11 o'clock.

Dr. Wm. C. Coleman, who was called to the scene of the knife slaying at a "flats" domino parlor, testified as to the cause of the death. J. L. Lawson, a Negro who played in the dice game which ended with the slaying, and City Police Captain T. F. James also testified.

Mr. Douglas said that he expected to have his part of the trial concluded in one day. Fourteen witnesses, six white and the remainder colored, were sworn at the outset of the trial. A number of them are expected to be character witnesses for Kirk, to be introduced by attorneys for the defense. R. R. Donaghey, Leslie King and Jack Hightower.

Jury for the trial is composed of Clarence McCaleb, G. A. Shivers, A. D. Beger, C. H. Barton, Otto Obenhaus, Jr., Bryan Keener, W. T. Belew, H. A. McCarty, R. D. Wilson, Jr., Carl A. Streit, W. L. Skipworth and George A. Nixon.

Four Persons Die In Auto Collision

Gallup, N. M., Jan. 14. (AP)—Four persons were killed in an auto collision on wet U. S. 66 last night east of Gallup.

Police identified the dead as: Myrtle Erwin Linsteadt, 31, and her 1½-year-old son, who lived at the U. S. Naval Air Station, Corpus Christi.

Yoshitomo Kyano, 50, and Okimo Kyano, San Francisco.

Hospitalized here are Mrs. Linsteadt's husband, Robert, 31, and the Linsteadt's other two children, a boy 6 and a girl, 9.

Central Christian Church Plans New Building Here

A program to construct a new building for Central Christian Church of Vernon was officially launched Sunday with the completion of the organization of a special steering committee responsible for conducting a final fund raising drive.

Tentative plans call for the construction of a modern weather-conditioned sanctuary, to replace the present one, a second educational unit, a social and recreation hall including a stage and visual aid equipment, a modern kitchen, reception lounge, and facilities for week-day church school activities. The architectural firm of Brown and Chapman, Sherman, Texas, has been retained to develop the plans for the new structure.

Hollis Miller has been chosen as chairman of the steering committee and as such will act as general chairman for the fund-raising campaign. The steering committee is composed of Joe Parr, Judge A. D. Green, Evans Mason, David Nowlin, H. A. McCarty and Jim Geer. Mr. Miller announced last night that the final planning for the drive will be completed during the next two weeks and that the actual campaign will be conducted during February. Several additional committees will be appointed soon to map out the final plans for the drive. The entire program is being developed by the local membership and it is the plan to use as many of the members as possible, Mr. Miller said.

New officers for the church's official board were selected Sunday to serve during 1952. Joe

Parr was re-elected chairman and will serve as the presiding officer of the administrative body of the church. Other officers are: S. Leslie King, vice-chairman; T. W. Daniel, secretary; and Albert Littlefield, treasurer. Two new elders and six deacons were installed. The elders were J. K. Freese and Hollis Miller, and the six deacons included: J. E. Chilton, T. W. Daniel, S. Leslie King, A. G. Linecum, Lloyd Putman, and Jack Ward.

Hold-over members of the board are: Earle Ford, Joe Parr, Horace Lovelady, and Bryan Standlee, elders; Jim Geer, C. H. Harwell, Albert Littlefield, H. A. McCarty, Norman McPherson, Emory Rhoads, Jr., Lester Blair, Emory D. Hollar, R. Evans Mason, David H. Nowlin, J. E. Teer, and Tom Turckett, deacons.

Funeral services for Mrs. John B. Morris, a resident of Wilbarger County since 1906, were held Sunday at 2 p. m. at the First Methodist Church. Mrs. Morris resided in Vernon at 1900 Gordon Street.

Burial was in East View Memorial Park under direction of the Henderson Funeral Home.

Mrs. Morris died unexpectedly in Dallas Friday following a short illness. She had gone to Dallas to visit her daughter and to have a physical check-up at a hospital there.

She was a member of the Methodist Church.

Pall bearers were E. H. Pigg, M. K. Berry, Hub Colley, Elzy Youngblood, A. D. Green, A. M. Hiatt, Roy Merideth and Roy Abbott.

Survivors include the husband, one daughter, Mrs. C. I. Holliman of Dallas and one grandson, John Charles Holliman of Dallas.

James McLemore, in a statement issued in New Orleans, saw a victory for his "citizens revolt" and defeat for "Trumanites," Longites and gamblers' who, he said, has tried to smear his candidacy.

Spaht told a New Iberia audience that he expected a commanding lead in Tuesday's counting.

Other gubernatorial candidates are Lucille May Grace, Cliff Liles and eKrrit Parker.

More Rain Falls in Flooded Sectors

(By The Associated Press) A new storm today brought more rain to the soaked lowlands of California and more snow to its snow-choked mountain areas.

It added to the discomforts and inconveniences of the section's worst winter in half a century.

Week end rains flooded 2,500 persons out of their homes in the San Francisco Bay area. Main highways in the Sierra Nevada are blocked by snow and transcontinental trains are either stalled or running as much as 30 hours late.

The storm is expected to bring more rain to sopping Los Angeles and more snow to the San Bernardino Mountains in Southern California, where snowdrifts and earthslides tied up traffic.

TWO SOLDIERS KILLED

Ismailia, Egypt, Jan. 14. (AP)—A British officer and an enlisted man were shot and killed today in a battle with Egyptians near Tel El Kebir, Suez Canal Zone.

Fighting broke out when a nine-man reconnaissance party was attacked from three sides by Egyptians.

MEETING SCHEDULED

Mr. Ben Boston, National Counselor of the United States Chamber of Commerce representing Vernon, said today that the National Chamber's 40th annual meeting would be held in Washington April 28, 29, 30. Arch N. Booth, executive vice-president of the USCC, informed Mr. Boston that special facilities are being arranged this year to handle hotel reservations. Mr. Boston said that Vernon would be represented at the annual meeting this year.

Weather

Temperature readings for the past 24-hour period ending at noon Monday:

Maximum 76 degrees

Minimum 50 degrees

Noon reading 71 degrees

Forecast: Partly cloudy, turning cooler Monday afternoon. Partly cloudy Monday night and Tuesday, cooler Tuesday.

PLAN CAMPAIGN—Here are members of the committee who will plan the financial campaign in connection with the Central Christian Church building program, announced Sunday. From left to right are Judge A. D. Green, Jim Geer, Rev. Kenneth Teegarden, Hollis Miller, H. A. McCarty, Joe Parr and David Nowlin. Mr. Miller is chairman of the committee.

President Sends His Proposal to Congress Monday

Movement Develops in Senate for Substitute Plan to Curb Crooks.

Washington, Jan. 14. (AP)—President Truman sent to Congress today his plan for a reorganization of the Internal Revenue Bureau. It would abolish the offices of the 64 collectors and place all tax collecting employees under civil service except the top man.

In a message, Mr. Truman told the legislators:

"The most vigorous efforts are being and will continue to be made to expose and punish every Government employee who misuses his official position."

"But we must do even more than this. We must correct every defect in organization that contributes to inefficient management and thus afford the opportunity for improper conduct."

Even as Mr. Truman's message reached the capitol, (1) a meeting of revenue collectors from all over the country was being held here to discuss the plan, and (2) a movement developed in the Senate for a substitute proposal.

TCU Dean Will Speak in Vernon

Dean Jerome Moore of Texas Christian University's College of Arts and Sciences will speak in Vernon Thursday evening, Jan. 17. His talk on "Latin American Contributions to Our Culture" will be presented at a dinner banquet of the Vernon Chapter of Delta Kappa Gamma, a teacher organization.

Dean Moore will speak again Friday morning at the Vernon High School assembly on the same subject.

Dr. Moore has been on the TCU faculty since 1943. Besides being dean of the AddRan College of Arts and Sciences, he is also director of the Summer School and professor of Spanish at the university. He received his M. A. degree from TCU in 1927, and his Ph. D. from the University of Pennsylvania in 1937.

Moore is also honorary Mexican Consul for Fort Worth and Tarrant County.

Yates Fund Is Still Growing

Contributions over the week-end sent the Tommy Yates fund soaring to \$739, Judge A. D. Green, fund trustee, reported Monday.

Judge Green said that funds continued to come in from all over the state, the largest donation being the \$100 check from a Wichita Falls man.

Meanwhile, Baylor Hospital attendants reported that the youngster remained about the same today. He is still paralyzed on his right side and has not spoken since the Christmas Eve beating. Attendants feel that other operations might be necessary.

Tommy's mother, Mrs. Robert Dale Simpson, is still in Wilbarger County jail awaiting removal to the state penitentiary at Huntsville. She is expected to be taken there this week.

Simpson is still in jail here under \$5,000 bond awaiting grand jury action on charges of assault with intent to murder filed against him in connection with the beating.

TWO PERSONS FINED

Two persons were fined Monday in Justice of the Peace G. L. Robinson's court. A Thalia man paid a \$19 fine for speeding and an Oklaunion man paid a \$10 fine for failure to grant right-of-way.

Of course it's a woman's hand-writing—it's an answer to my Vernon Record Want Ad for a secretary!

Steel Makers Faced With More Problems Than Ever

New York, Jan. 14. (AP)—Steel makers say they are faced with a triple problem today as they try to satisfy everybody.

1. They are to be asked to furnish more steel to our British allies, while American consumers are being rationed further to aid the American defense effort.

2. The new demand comes at a time when the steel mills—recently setting record production marks—are so short of scrap some furnaces are shut down.

3. Workers are asking for wage increases which the owners contend cannot be met without a price hike.

The deal with the British is one of necessity on both sides. American defense chiefs feel this country needs aluminum and tin even more than it needs steel just now.

So the British are going to turn over to us the options they hold on Canadian aluminum—some say almost 50,000 tons. And the British are going to turn over Malaysian tin, presumably at a price agreeable to Washington.

In return, the United States will supply London with perhaps 400,000 tons of American steel. This is no great percentage of American production. Last year we produced 105 million tons.

A similar steel for aluminum swap was made last Fall, arousing some criticism here. The new deal, moreover, comes at a time when American steel needs are accentuated by a sharp second-quarter cutback in use of steel for home building, auto production, and for home appliances and other civilian goods, with further unemployment in these industries feared.

But the British need steel even more, they say. Last year their production dropped 654,200 tons from the year before, and they turned out only 15,638,500 tons. They lay the drop to the scarcity of iron ore and scrap iron. They hope to get more scrap from Germany soon. The British want the steel, not only for their rearmament effort, but also to make more goods for export in an attempt to reverse the steady drain on their gold and dollar reserves that has brought on another crisis there.

New Trial for McCune Is Asked

Austin, Jan. 14. (AP)—Attorneys for Billie George McCune tried again today to save him from death in the electric chair for rape.

They asked the Court of Criminal Appeals to grant a new trial. The court set Jan. 30 for a hearing.

McCune is scheduled to die Jan. 17. His attorneys will ask the Board of Pardons for a stay of execution to permit the hearing for a new trial.

The motion reopened the entire question of McCune's guilt. It claims he was convicted by fraud and that perjury was committed concerning the marital status of the rape victim.

Solons Will Push for Full Probe of USDA Activities

Washington, Jan. 14. (AP)—Republican Senators said today they will push for full-dress public hearings on three different investigations of the multi-billion dollar activities of the Agriculture Department.

"Unless we get a thorough public airing on all suspicions that now exist, it may discredit the farm program," Senator Thye, Republican Minnesota, told a reporter.

Senator Kem, Republican, Missouri, in another interview said he will "urge full public hearings as soon as possible."

Chairman Ellender, Democrat, Louisiana, said the 13-member Agriculture Committee will meet Wednesday behind closed doors to consider the various requests for investigations and hearings.

Senator Aiken, Republican, Vermont, senior GOP committeeman, said the committee received a confidential report this week end from the Comptroller General on "shortages conservatively estimated at four million dollars" in the farm price support program.

"The report calls them 'conversions' of Government commodities," Aiken said. "In a bank it would be called embezzlement but in my language it is stealing."

On Dec. 28 the Agriculture Department disclosed some losses had resulted from its \$10 billion program of supporting farm crops by Government loans. It said about five million was in dispute and called this relatively small, considering the vast numbers of loans and individuals involved.

Aiken said grains and other commodities owned by the Government were placed in elevators and storage centers and then sold by contractors who keep the funds.

"We must study the policies that permitted widespread shortages and the failure to prosecute them," Aiken said.

He said the Government auditors' report covered 38 cases in Texas and two in Oklahoma "and apparently there are many others in other states."

The Department of Commerce and Labor was created by Act of Congress Feb. 14, 1903.

Traffic Takes Nine Lives In Texas During Week-End

(By The Associated Press)

Traffic accidents accounted for nine of the 15 violent deaths reported in Texas this week end.

Three persons died in shootings, one was burned to death, one died in a fall and there was one suicide by hanging.

The latest reported deaths include:

Three Negroes were killed Sunday in a head-on collision of their car and a bus about three miles east of Ballinger. Dead were Jude Shelly, S. T. Wilkinson and Sam Holloway, all of Coleman. Three passengers on the bus received minor injuries.

A five-month-old boy, Eugene Clarence Whitehead, burned to death Sunday when fire destroyed the home of Mr. and Mrs. Clarence Whitehead, Austin.

Vernon Dale Rogers, 27, Dallas stone worker, and Miss Marion Martin, 19, were killed Sunday when the car in which they were riding failed to make a curving approach to a bridge and crashed into the Trinity River bed.

Everett Hall, 28, was shot to death in a Dallas tavern Sunday. Police arrested the 51-year-old proprietor of the place.

Pfc. Billy G. Chase, 19, stationed at Fort Bliss, was killed Sunday when he fell from a moving automobile in El Paso.

Harris B. Browne, Odessa locksmith, was shot to death Saturday ten miles west of San Angelo. Charges of murder without malice were filed against Rex Rodgers, 51, Odessa sporting goods dealer and former City Councilman.

John LeBlanc, 60, Negro, was shot to death Saturday night in an Orange cafe. Murder charges were filed against Freeman Guillory, 40, Negro.

Two sisters were killed Saturday in a car-oil field truck collision south of Abilene. They were Miss Addie McMillan, about 60, Tuscola, and Mrs. Chester Adams, about 50, Ovalo.

Roy A. War, 17, was killed Saturday when the car in which he was riding crashed into a tree in

downtown Sherman.

Frank S. Martinez, 42, San Antonio construction worker, was killed Friday night in an automobile accident near Lytle, Atascosa County.

The body of R. J. McAlpine, 77, was found near midnight Friday hanging to a tree in the Stephenville City Park. He had been missing since about noon Friday.

FIRST TRAFFIC DEATHS

Corsicana, Jan. 14. (AP)—Navarro County had its first two traffic deaths of 1952 Sunday. Samuel Henry Reese, 26, Negro of Roane, Texas, was killed in a traffic collision near Roane shortly before midnight Sunday. Abe Watson, 68, Negro, died in a local hospital Sunday night after being hurt when an automobile overturned here Sunday.

We're neighbors

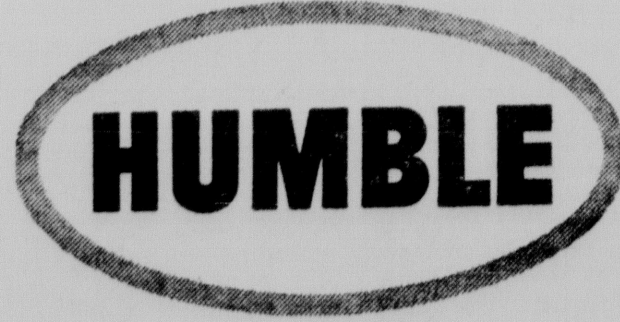

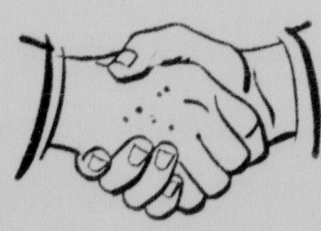

Wherever you live in Texas, the oil industry is your neighbor.

For the Texas oil industry is the bread-and-butter, the opportunity, the daily work of some 190,000 Texas men and women.

The girl who sits next to you in the bus; the hearty-looking man who waves as you pass on the highway; the family behind you at the PTA; in Texas, they all could be, some certainly are oil workers. Bookkeepers, stenographers, executives, drillers, roughnecks, stillmen, geologists, salesmen, pipe liners, petroleum engineers—the oil industry supplies the livelihood of all, and many more.

Neighbors of yours, these people are, folks who pay taxes like yours, spend their money in the stores you patronize, drive the same kind of automobile, send their children to the same schools.

... The oil industry is more than a balance sheet, a set of statistics, an investment in derricks and pipe-stills. In Texas, it's the family next door.

Home Science Members Study Local Fine Arts

An acquaintance with the products and results of fine arts in Vernon was the aim of an interesting program presented Friday afternoon for the members of the Home Science Club in the home of Mrs. W. N. Martin, 1929 Gordon Street. Hostesses for the occasion were Mrs. R. D. Oswalt, Mrs. Virgil Hildebrand and Miss Janice Boyle.

A brief business session was conducted by the president, Mrs. Prater Powell, who reminded the group of the Polio Drive and an American Citizenship Proclamation by Gov. Allan Shivers.

Mrs. P. D. Chaney was director of the program entitled, "The Spotlight on Fine Arts in Vernon." She introduced Mrs. Charles Parson and members of the Junior High Mixed Chorus who presented "The Green Cathedral," by Hahn, "Cherubim Song—No. 7," by Tchakovsky, and a Russian folk song, "Fireflies." Members of the chorus were Dale Coleman, Bill Lovelace, Tom Deason, Neel Eggleston, Nelson Warren, Tim Morris, Billy Pettit, Danna Lou Thomas, Gwen Lareau, Kathleen Stewart, Ann Adams, Janice Blair, Kay Norrworthy, Joyce Thomas, Charlie Sue Sanders, Burris Ann Iles, Barbara Underwood and Patsy Simmonds. They were accompanied by Bettye Carpenter.

The second art demonstrated was flower arranging which permits the freest play of imagination through the essential elements of color and dates back to the 13th Century. Mrs. Jesse Owens presented an interesting talk on flower arrangement and displayed two examples of the art, one a triangle arrangement of red cedar and red carnations and the other a crescent arrangement of orchid snapdragons and chrysanthemums in a bronze bowl.

Mrs. Paul Rose then gave the members a brief history of fine arts and told of the work being done in cultural and related arts by individuals in Vernon and Wilbarger County.

She pointed out that there are many local people who have achieved varying degrees of success in their own line of endeavor, either as hobbies or as vocations, and stated that by their efforts and contributions to our cultural life we have all come to a higher appreciation of the beauty of the world about us. She then listed many of the local artists in the fields of painting, music, sculpture, designing, interior decorations, commercial arts, culinary arts, creative writing, poetry, church work and ceramics.

Following this very interesting program the 25 club members present were served refreshments of apple pie and coffee by the hostesses.

Opti-Mrs. Club Enjoys Luncheon

The regular meeting of the Opti-Mrs. Club was held at the Yamparika Clubhouse in the form of a covered dish luncheon. Hostesses for the occasion were Mesdames Thomas D. Cox, I. W. Traxler, and Walter Hofmann. The luncheon tables were decorated with greenery.

During a brief business session the group voted to continue their work with girls.

Bridge was enjoyed during the afternoon. Those present were Mesdames Arthur Hingst, Granville Carpenter, Sid Collins, Jesse Owens, Asa Hill, Frank Granot, Leon Douglas, Lee Wilkinson, Frank Byrd, Gladner Young, Roy Dickey, Sterling Lacy, Terrell, Roscoe Rainwater, Hortense Bolton, Oran Key, Kelly Matchett, Jim Armstrong, Carl Jungman, Sterling Greenwood, Jimmy Holladay, Fred Coleman, John Minarik, Kenneth Lawrence, the hostesses and one guest, Mrs. Oran Key, Jr.

Bethel Baptist Junior Class Is Entertained

The Junior Class of the Bethel Baptist Church at Elliott was entertained recently with a social at the home of Mr. and Mrs. G. W. Long. The party was given by the class Sunday School teachers, G. W. Long, Mrs. L. H. Matney and Mrs. J. W. Gribble.

Games were played during the evening. Refreshments of popcorn balls, fudge and punch were served. The invocation was given by Karen Garrett.

Those present were Ada Lee, Jean and Ranny Duncan, Joe Wayne Houchins, Gene, Glenn, Carolyn and LaNell Hibbens, Betty Lemon, Karen, Gary and Jimmy Garrett, Delores Dunn, Toni Pryor, Weldon and Glen Dickerson, Eugene and Bill Waggoner, Jay Wayne Gribble, Jean Matney, Ronnie and Debbie Long, Richard Cook, Glen Aderholt, Mesdames Gribble, Morris Aderholt, E. C. Long and Wayne Garrett, and Messrs. and Mesdames L. H. Matney, V. N. Hibbens and G. W. Long.

SUNNY BLUE BIRDS

The Sunny Blue Birds met in the home of their leader, Mrs. Walter Lindsey, with Mrs. Richardson as hostess. The girls visited the Vernon Hospital. Refreshments were served to Shari Lindsey, Diane Richardson, Lou and Sue Courtney, Linda Eure, Diane Dickey, Ruth Ann Scott, Barbara Fisher and Carolyn Jean Bennett.

Parker PTA Has Regular Meeting

The Parker School P. T. A. met Thursday afternoon in the school auditorium with Mrs. Roy Brazil presiding.

The meeting opened with the Lord's Prayer, said in unison. Mrs. Joe Standlee's fourth grade pupils presented a skit on thrift. Mrs. Brazil introduced Mrs. Ed Luttrell, Jr., who gave an interesting talk on "Teamwork Does the Job."

During the business session the minutes were read by Mrs. Raymond Bagley, and Mrs. T. J. Frith gave the treasurer's report. Mrs. W. A. Haire gave a City Council report and urged the members to take the P. T. A. procedure course. Announcements were made by Miss Maggie Ruth McCaleb. Explanations concerning the home nursing course were made by Mrs. Elgin Black. The budget was then read and accepted by the unit.

There were 30 members present.

Social Calendar--

Monday, Jan. 14
First Baptist Brotherhood supper and program meeting at 7:30 p. m. in the dining room of the youth building. Dr. E. S. James, speaker.

Tuesday, Jan. 15
Mozart Club meeting at 7:45 p. m. in the Yamparika Clubhouse. Camp Fire and Blue Bird leaders and chairmen for the Father-Daughter banquet will meet at 9:30 a. m. in the home of Mrs. Clarence Rainwater, 2418 Texas Street.

First Baptist Sodalitan Class coffee at the home of Mrs. C. V. Nowlin, 3820 Texas. Mrs. W. L. Baskerville, co-hostess.

BABY'S COLD
VICKS VAPORUB
Now, to relieve distress without dosing, rub on...

MISS NINA JO LEMON—Mr. and Mrs. J. M. Lemon of Harrold have announced the engagement and approaching marriage of their daughter, Nina Jo, to Don Hurst, son of Mrs. Vera Hurst of Fort Worth. Miss Lemon is now attending Harrold High School. Mr. Hurst is presently employed in Wichita Falls.

Captain Carlsen Refuses to Commercialize on Sea Saga

Falmouth, England, Jan. 14. (AP)—Capt. Kurt Carlsen stubbornly rejected today all offers to cash in on his 14-day saga aboard the Flying Enterprise. He said he was just not interested.

He hid out most of the day in a Cornish hotel five miles from town, dodging promoters with contracts all ready to sign for story and movie rights, television and radio appearances and endorsement of commercial products.

Disappointed and somewhat bewildered, these men sat around hotel lobbies and most of them conceded there was no chance now at least of changing the courageous skipper's mind.

And when Carlsen makes up his mind it is hard to change him. His stubborn but losing fight to save his ship from the angry Atlantic proved that.

He has turned a deaf ear to offers totaling between \$84,000 and \$112,000 which have come from the United States, Britain, France and Denmark.

Still catching up on the sleep he lost aboard the ill-fated Enterprise, Carlsen said he wants only to get back to his wife and two children in Woodbridge, N. J., and then get another ship and go back to sea. His company, the Isbandt-sen Line, has assured him that another ship, perhaps another Flying Enterprise, will be assigned to his command.

But before returning to his life's work at sea he will be lionized at a luncheon in London on Monday and a ticker tape parade in New York.

Still wearing borrowed clothes, the 37-year-old captain ventured out of his hotel only long enough to visit his shipping agent and lawyers.

A crowd of about 300 admirers quickly surrounded him and touched off an impromptu demonstration. Police had to clear a way for him.

He spent an hour and a half clearing away legal angles involved in the sinking of the Enterprise. Afterward Philip Fox, the shipping

U. S. Policy Toward Future Korea-Type Wars Is Studied

Washington, Jan. 14. (AP)—The fateful issue of whether the United States should fight any more Korea type wars around the borders of the Kremlin's Red Empire was injected with new urgency this week into grand strategy planning of the State Department, White House and Pentagon.

Always a critical question, the matter is viewed by diplomatic and military planners now as triply difficult to handle because: (1) This is an American election year.

(2) Allied military weakness continues to limit action.

(3) No one seems to know—perhaps not the Reds themselves—what the Communists will do in either Southeast Asia or in Korea.

The slow buildup, an important factor in Truman-Churchill discussions Monday and Tuesday, was recognized by the President in his message to Congress Wednesday. He said it would be two years before the desired level of Western defense is achieved.

One reason for the present pace of mobilization, of course, is that nobody here knows what kind of war with Communism will eventually be decisive—whether it will be military or political-economic.

Hence defense production is geared for minimum disturbance of political and economic stability—and strength grows slowly.

This buildup is regarded by officials here as a time of great danger if the Kremlin wants to force a decision. For at any time the Red leaders, with their presumed push-button control over the vast forces of the Soviet Union, China and the satellite countries, may decide to strike before Allied strength redresses the balance of world power.

The warning signs have pinpointed one spot after another on the borders of the Red bloc since the end of World War II. The spotlight a year ago, for example, was on Yugoslavia; last fall there was deep concern over the dangers to Iran.

Southeast Asia, including war-torn Indo-China, is not a new candidate for the big push. But

Sweater Salesmen Nabbed in Odessa

Odessa, Jan. 14. (AP)—Two door-to-door salesmen are held here, accused of selling sweaters that burst into flames if touched by a lighted match.

They were booked on violation of a city ordinance prohibiting house-to-house canvassing without a permit.

Each of the men gave a home address in Providence, R. I.

The two were arrested while trying to sell a sweater believed to be made of "brush nylon," a highly inflammable material.

In Lubbock yesterday, eight "brush nylon" sweaters were turned over to police after the buyers heard warnings of the fire danger. The buyers said they paid from \$4 to \$10 a set for the sweaters from itinerant salesmen.

Detective Roy Lehn Bagley of the Lubbock force held a match to one of the sweaters. In less than a minute all that was left was a tissue-like ash and a smell of linseed oil.

It has become the center of present fears and of top-level planning for two reasons:

First, the Chinese Reds may try there for a total victory, which they have been unable to gain in Korea;

Second, there have been reports—officially unconfirmed—of recent troop concentrations just north of Indo-China's border.

This situation, has now been gone over by President Truman, Prime Minister Churchill, Secretary of State Acheson and British Foreign Minister Eden.

It is worthy to note that Eden, after the conference here, made a New York speech cautioning the Chinese Reds not to intervene in Southeast Asia—even as "volunteers." Such a move, he said, "would create a situation no less menacing than that which the United Nations met and faced in Korea."

Lad Adopted by U. S. Is Killed

Houston, Jan. 14. (AP)—A homeless French waif who died in Korea trying to repay the kindness shown him in the United States will be buried in his adopted country.

Cpl. Alexander Stewart, 22, was killed in action Dec. 28.

But the casualty list doesn't tell how the youth asked—and got—the help of a Congressman in transferring from the safety of Japan to the Korean battlefield. It doesn't tell how he came to America twice as a stowaway before Congress passed a special law to let him stay here legally.

Mrs. A. Axlerod of Houston, his foster mother, said last night she would bring the body home for burial. "I know that is what he would have wanted me to do," she said.

At 22 the corporal was an old hand at war and fighting. When he was 12 he ran away from an orphanage in Alsace, joined the underground and finally escaped to North Africa. He was adopted by the 133rd Regiment of the 34th Infantry Division and fought with them for five years—North Africa, Sicily, Anzio.

More Warm Weather in Texas Seen

(By The Associated Press)
Texas' rainless, unseasonably warm weather probably will stay for a while.

The Weather Bureau said today somewhat cooler air may push into West and North Texas tomorrow but it should drop temperatures only a few degrees. No really frigid weather was in sight at least through Wednesday.

Temperatures during the night ranged mostly in the 50's in West Texas and the 60's in Central, East and South Texas.

The lowest minimum was 45 degrees at Dalhart; the highest was 66 at College Station, Brownsville and Austin.

Yesterday's maximum ranged from 83 degrees at Alice to 67 at Dalhart and El Paso.

Although skies were mostly cloudy in Central and East Texas an apartly cloudy in West Texas, no measurable amount of rainfall fell the past 24 hours and none was predicted.

Swindling Case Opens in El Paso Monday

El Paso, Jan. 14. (AP)—The trial of Victor Emanuel Pereira and Eugene Brading, charged with swindling Mrs. Gertrude Joyner Joyce, Roswell, N. M., out of \$48,000 opens today in Federal Court.

Last Spring the two men were house guests at the Joyce home in Roswell. A short time later Pereira and Mrs. Joyce were married.

The indictment charges Pereira told his bride that he was awaiting \$48,000 as his share of a property settlement from a recent divorce. Mrs. Joyce charges that he told her that he needed money to pick up an option on a hotel in Greenville, Texas. She said she sold \$35,286 worth of stock to raise the money for him.

She said that after she gave him the money he said he was going to El Paso. That was the last she saw of him.

Mrs. Joyce also loaned Brading \$5,000 to negotiate an oil lease.

The two men were arrested by the FBI last August in New York. They have been free on \$15,000 bond each.

CLOSED DOOR MEET
Washington, Jan. 14. (AP)—Secretary of State Acheson will outline the world situation to the Senate foreign relations committee today. He is expected to deal in detail with problems from Indochina to London during the closed-door meeting.

GOVERNOR'S ANNOUNCEMENT OUTLINES 1952 CAMPAIGN

Governor Allan Shivers cleared the political atmosphere Saturday when he announced he will seek his second full term in his present office. For the past year and a half, or perhaps longer Mr. Shivers was regarded as a probable candidate for United States Senator to succeed the aging Tom Connally, and it wasn't all speculation. It is known that the Governor sounded out some of his friends and let it be known that he would seriously consider a try at the Senate post.

But the positive announcement of Senator Connally that he will ask for re-election made a difference. In spite of his age, the senior Senator from Texas is generally regarded as having better than an even chance of being elected again. In any event, he is not a pushover and Governor Shivers is good enough judge of politics to realize that once a man takes the big gamble and loses he is more than likely to be through. At least that it is the way such things go in Texas.

The elimination of Governor Shivers from the list of possible candidates for Senator, however, does not mean Senator Connally will have no serious opposition. It is fairly certain that he will have. Attorney General Price Daniel probably will become a candidate for the Senate, now that Mr. Shivers has removed himself from the list of probable opponents of Senator Connally.

Mr. Daniel is expected to announce his plans within the next few days. If he comes out for the Senate, as now seems probable, that will open the way for others to announce for his present position. John Ben Shepperd, present Secretary of State, will probably announce for Attorney General. There may be others to announce for all three positions mentioned. But the time for speculation is about over. From this time forward the play will be for keeps.

GENERAL EISENHOWER IS GIVEN SOME ADVICE

Gen. Dwight D. Eisenhower has received some political advice from Senator Aiken of Vermont. It boils down to a suggestion that if the General wants to be elected President he had better give up his present job pretty soon and begin talking in order that the politicians can make up their minds whether he is what they would like to have in a chief executive.

Senator Aiken comes from a State which is supposed to be safely in the Eisenhower column, so far as present sentiment is concerned. The Senator himself has not declared his preference among Republican hopefuls and is generally regarded as friendly to the Eisenhower candidacy. For that reason his views deserve more than passing consideration.

There are times when it pays to be above ordinary political maneuvering. Up to a certain point that it undoubtedly true in the case of General Eisenhower. His personal charm and his prestige as one of our great military leaders will provide momentum for the Eisenhower-for-President campaign for a time. But it must be remembered that party nominations are not handed out by the rank and file of voters. Decisions are made by very practical politicians. Before getting on the line for a candidate they want to know something about his views on current issues, but most of all they like to have some idea as to how he will choose his advisers. In short they want to know whether he will be a party man or insist on running the show all by himself.

Wendell Willkie swept the GOP convention off its feet in 1940. He was a popular favorite, but party leaders distrusted him. He thought he could be elected by disregarding the politicians, just as he had won nomination by that method. There is something to be said for Senator Aiken's suggestion. But the General is in a tight spot. He has said he will not ask to be relieved of his present duty, and it is a cinch President Truman will not help him by offering to release him.

Apparently most bathing beauties believe in keeping their powder dry.

People who live in today's apartment houses have little room to complain.

Goodness, Maybe the Age of Miracles Isn't Over Yet

Argument Over Hottest Sun Is To Be Settled

El Paso, Jan. 14. (AP)—El Paso's going to battle it out with California, Arizona and New Mexico to settle just who has the hottest winter sun.

The El Paso chamber of commerce today accepted a challenge to join in an ice-melting contest next Tuesday.

Phoenix, Los Angeles and Carlsbad, N.M., are the other three contestants entered.

Since Carlsbad started it off by challenging the other cities, it makes the rules:

On Tuesday—weather permitting—seven 302-pound blocks of ice will be stacked. The sun is supposed to melt the ice.

When the ice is reduced to 100 pounds, the time will be computed and checked with the times it takes to melt a similar amount of ice in the other contest cities.

TO HONOR STOCKHOLDER

Bartlesville, Okla., Jan. 14. (AP)—The Phillips Petroleum Company will honor an Illinois woman's college dean next week as the 66,000th stockholder of the firm. A series of trips and social events have been planned for Mrs. Roma N. Hawkins, dean of students at MacMurray College for Women, Jacksonville, Ill., according to Chairman K. S. Adams of the oil company's board. Mrs. Hawkins became the 66,000th Phillips stockholder late in 1951.

DIES OF HEART ATTACK

Tulsa, Okla., Jan. 14. (AP)—Chauncey F. Coates, 67, retired employe of the Deep Rock Oil Corp., died of a heart attack at his home yesterday. Coates retired three years ago after working for the oil firm 30 years.

Funeral services will be held here Monday and interment will be at Willis Point, Texas. He was a native of Kerens, Texas.

WILD ANIMALS FOR RUSSIA

Milan, (AP)—Soviet Russia is in the market for wild animals.

Augusto Molinar, director of the Milan Zoo, said today that Moscow's Zoological Center (Zoological Center) is negotiating with him for purchase of lions, tigers, giraffes, zebras, elephants, rhinoceros, hippopotami, monkeys and snakes.

If negotiations are completed, Molinar said, he will leave in December for Africa, India and Australia to collect the animals.

He plans to bring them back to Italy next March in a specially chartered 10,000-ton ship. They then will be forwarded to Prague by train for shipment to Russia.

U. S. CANNING ACTIVITY

New York, (AP)—The U. S. Department of Agriculture estimates that about five million tons of corn, tomatoes, snap beans and lima beans will find their way into cans this year.

The Department reports that two billion cans were used in processing these vegetables last year with a value of over \$120,000,000. Due to improved methods of preservation, there are now more than 45 varieties of highly nutritious vegetables available in cans the

Dr. Logan's Wife

By Diane Gaines

THE STORY: Janet Logan meets Peter Surinow, a young biophysicist, at a party at the home of Dr. and Mrs. Walter Polletier. Peter awakens in Janet the realization that her life, as mate of the falling and old Dr. Gus Logan, has been a failure. The following day, Janet goes to the hospital to apply for a volunteer nurse's aide job and she meets Peter again. Peter invites her to see his laboratory where he is engaged in research that may save thousands of lives in the event of an atomic attack. Suddenly Janet finds herself in Peter's arms. He kisses her but she tells Peter that she is not angry, but "that's that." She returns home and tells her husband about seeing the laboratory, but not about the kiss. As Dr. Gus Logan talks about Peter, Janet is unable to stay in the room. She goes out to the car with the excuse that she has left the keys in it. Actually the keys are in her purse.

THE two men sat facing each other, the small man high in the banquet chair that was itself raised by a dais, the large man sunk in the hole of an upholstered lounge.

"I really don't think we can blame the nurse too severely," Gus Logan was saying. "The root of the trouble is that we don't have enough nurses on the fourth floor. Those girls are working their heads off. Every bed is filled, and you know what that means in answering bells alone. This girl was so fussed, she got the orders mixed. Handled my patient a thyroid pill instead of the second I had ordered. Fortunately, the patient noticed that the pill was white instead of the red one he's been getting at that hospital and he questioned the nurse."

"If the nurse had any sense, she'd have covered up some way," the superintendent said. "A mistake like that is bad enough, but I don't have to pretend to you—confessing it is worse. Fast think

year around, Dr. R. H. Luck, research director of the American Can Company, pointed out.

LOADED DOCKS

Singapore, (AP)—The docks in Singapore handled the biggest turnover of cargo in their history in the year ended June 30, 1951. The total was 4,947,272 tons loaded and discharged. During the first six months of 1951, imports were 17 per cent and exports 15 per cent more than in the corresponding period of 1950.

COCONUT TREE TOPPLERS

Penang, Malaya, (AP)—A Malay woman and her four children narrowly escaped death in a village near here recently when a coconut tree, its roots undermined by heavy rains, toppled over and crashed into their kitchen. They were sleeping but a few feet away.

BETTER FOREST RECORD

Frederickton, N. B. (AP)—Chief Forester G. L. Miller announced that New Brunswick closed the 1951 forest fire season with the lightest acreage loss in five years. Total number of fires, 113, lowest since 1945, burned an estimated 2,500 acres of timber land.

The Order of the Good Time, one of the first social clubs in America, was organized by the explorer Champlain to cheer his men during the Winter of 1606-07.

you know the hospital gets sued."

"Oh, come, Mr. Cota, you're always worrying about possible lawsuits."

Maxwell Cota had been superintendent of the Angels University Hospital for 10 years, and he had come to regard it as a constitutional monarchy over which, of course, it was he who kinged it.

GUS LOGAN did not begrudge the superintendent's power, which derived from a local political entrenchment. He himself was aloof from hospital politics, but he was not aloof from the compensatory posturing of little men to let pass the superintendent's query. "It's our hospital, you know," he said, "and we all have its interests at heart. But I can assure you that in this case there's no question of a lawsuit. The patient's a nice, intelligent guy—a gentleman. I explained the thing to him and he came him down. Also, because the nurse was honest enough to own up to the slip, no harm was done. You get some more nurses up on that floor, and I'm sure things will straighten out up there."

"It's not all," the superintendent said. He handed Gus the top sheet of a uniform stack of papers piled on his desk. "The oath fight is not quite closed yet. Read this one."

Gus glanced through it. Heet hurriedly. Its contents were familiar to him. All the doctors and nurses and employees of the hospital had signed similar sheets and turned them in almost two weeks ago. Gus, as a member of the Medical Executive Committee, had voted in favor of the oath. True, it was against the democratic principle to force a man to state his political affiliation, and worse, to hang his job on the thread of such a statement, but

NEW SENATE REPUBLICAN LEADER—Vice President Alben Barkley, right, congratulates Sen. Styles Bridges, Republican

THIS STOOD WITH MORE... claimed that Communism had burst the seams of the ca... "political affiliation" that it was now a movement which sought to overthrow the democracies by violent means.

He had been obliged to spare several taxing evenings to the loyalty-oath controversy. He had thought the matter settled, a dead issue. Now here it was again when what he wanted most was to pick up his wife and get home in time for a leisurely dinner before the meeting tonight.

His eye skipped to the bottom of the page: "Peter Surinow" in black thick strokes of a stub pen. In the lower margin of the printed form was a handwritten postscript: "Nor am I a member of the Ku Klux Klan." Gus suppressed a sigh and a slight twinge of amusement at the succinctness of the notation.

HE dropped the paper onto the desk and looked up, wholly unprepared for the extremity of anger which charged Maxwell Cota's face and body. Cota stood crouched over the desk like a jockey over a horse. Nature had unnecessarily crowded the small features, and the olive skin, now emurpled, was deeply convoluted so that the effect was of a marred cabbage in which the dark eyes were active as insects, the upper lip lost to the lavender bulge of the lower.

"I'm bringing this before the committee at the meeting tonight," the superintendent said. "I want to know—are you going along with me on this thing or not?"

"What do you mean—am I going along? Where?"

"To the end of the line. Surinow's asking for it, and I'm going to see that he gets it. I don't propose to put up with any more Bolshevik back talk. The oath has been debated, voted upon and accepted. It is now hospital law. Anyone who refused to sign was to be automatically fired. No one refused. But this smart aleck has signed in a way that is a disgrace to the hospital. Anyone who doesn't like the way we do things, doesn't belong here."

School Board Changes Meeting to Tuesday Night

Head Coach Selection To Be Studied

A study of applications for the head coaching job at Vernon High School will be the main item of business for the School Board when they meet at 7 p. m. Tuesday at the Board of Education building.

Superintendent J. B. Golden announced Monday that the Tuesday night date had been changed from the original meeting date of Monday.

There was no indication as to just how far the Board would progress in making a selection of a coach to replace Buster Dixon, who has resigned.

Unless voted by the Board to be a closed meeting, it was indicated that the meeting would be open, as have been all School Board meetings.

There have been a number of applicants for the job and it is expected that the Board will spend considerable time in screening these applications.

Mr. Golden stated, that he felt that there would be no unnecessary delays in naming of a new coach.

C. C. Hamm is president of the School Board and members are E. S. Lacy, Dr. J. J. Muirhead, Dr. W. F. Baber, Royal Duke, H. A. McCarty and Leroy Hardage.

Ben Hogan Is Named Pro At Palm Springs Golf Club

Palm Springs, Calif., Jan. 14. (AP)—Appointment of Ben Hogan as golf pro at the new Tamarisk Country Club here was announced last night.

Hogan, one of golf's greats and the 1951 U. S. Open and Masters champion, arrived from his Fort Worth home Saturday to confer with club officials. He plans to move here Feb. 1 and to spend each winter season here.

Five Members Withdraw From Arizona-Texas League

Phoenix, Ariz., Jan. 14. (AP)—Five members of the ten-member Southwest International Baseball League served notice yesterday they were withdrawing to reform the old Arizona-Texas League.

The action was called illegal by representatives of the remaining five teams. They said the matter would be placed before George M. Trautman, head of the National Association for Minor Baseball Leagues.

Pro Football Team Is Eyed For Houston

Houston, Jan. 14. (AP)—Oilman Glenn McCarthy plans another try at getting a professional football team for Houston.

"I will either attend or have a representative at the National Pro Football League meeting, starting Thursday, in New York," McCarthy said, "and I'm interested in a pro football team in Houston for the 1952 season."

McCarthy declined to discuss his plans further but he pointed out that two years ago he unsuccessfully proposed clubs in both Houston and Dallas. He said that "some time ago" he had discussed such a plan with Gordon McLendon, head of the Liberty Broadcasting System.

Last week McLendon hinted that Dallas would be a National Pro Football League entry this year. He said "there is a strong chance that the Southwest will have its first professional team in 1952."

NFL Commissioner Bert Bell said that neither Dallas nor McLendon had applied for a franchise. However he added that he had "heard something about him (McLendon) being interested in the New York Yanks, but my office hasn't received any official word of any deal."

George Halas of the Chicago Bears, in commenting on the McLendon report, said: "It might be feasible to put a club in Houston as a geographical running mate for Dallas."

Sherman Will Field Team In Sooner State League

Ada, Okla., Jan. 14. (AP)—Sherman will field a team in the Sooner State Baseball League this year.

Yesterday members of the league voted to allow owner Arthur Willingham to move his Ardmore franchise to Sherman. Willingham, oil well drilling contractor who lives in Sherman, operated the franchise at Ardmore last year.

He told the meeting yesterday that since citizens at Ardmore recently voted down a \$75,000 bond issue to build a new baseball park, he wouldn't field a team in the old park.

Sherman formerly was a joint member with Denison in the Class B Big State League, until the franchise was moved to Greenville, Texas. Willingham said he will operate the club only in Sherman.

Off the Record

By Bill Werley
Sports Editor

A lot of people felt sorry for Joe DiMaggio for having to drop from \$100,000 a year to \$50,000—but in reality he only loses \$9,000 a year in salary.

Let me show you what high finance and taxes do to a salary. According to the tax department, the cut out of Joe's old \$100,000 salary under the new law would have been about \$68,000. On \$50,000 he will pay Uncle Sugar some \$27,000.

This means that on his old job the take home pay would have amounted to \$32,000 and on the new job it will amount to \$23,000.

It's a curious business when a man can work for take home pay of \$32,000, submit to a \$50,000 salary cut and still take home \$23,000. Looks like Dimag is even smarter than we thought—the one who's outsmarted himself is Uncle Sam—the deal cost him \$45,000.

Sweetwater is trying desperately to salvage the professional team in that town. The people want to keep baseball there, but they face the same problem that we did here in Vernon until a few weeks ago—no money.

A plan has been put forth whereby books of season tickets can be sold. Each book contains 70 tickets and sells for \$51.80.

The goal for advanced ticket sale has been set at 715 books. If they are sold this will guarantee Sweetwater an attendance of 50,050 from the books alone. Sounds good—if it works.

District 1-AAA basketball play opens this week with Sweetwater being the first district foe the Lions face. The Lions meet the Mustangs on the friendly confines of Crackerbox Gym.

The Mustangs, along with La-mesa and Plainview are figured to be the strongest teams.

NEGRO KILLED

Coriscana, Jan. 14. (AP)—Samuel Henry Reese, 26, Negro, of Roane, Texas, was killed in a traffic collision near Roane shortly before midnight Sunday.

A&M Eyes Tie for Cage Lead With Frogs Idle This Week

(By The Associated Press)

Texas A&M fights for a first place tie in the Southwest Conference basketball race this week as leading Texas Christian takes time out.

"The Aggies will lose the services of their play-maker, All-Conference Guard Jewell McDowell, after they battle Southern Methodist at Dallas tonight and Baylor at College Station Friday night."

McDowell graduates at mid-term

Demaret Wins Crosby Open Golf Tourney

Pebble Beach, Calif., Jan. 14. (AP)—Bing Crosby's National Amateur golf tournament, a \$10,000 event with a million dollar cast, goes down in sports history as the battle of the big wind, torrential rains and a fruitless struggle with par.

Colorful Jimmy Demaret, the transplanted Texan now operating out of Ojai, Calif., won the abbreviated event yesterday with a 36-hole total of 145. It was one over par.

The 1952 version of the yearly tournament, the profits of which revert to charity, was beset by stormy weather from the start. An estimated 5,000 spectators trudged through intermittent showers in the finals.

Reduced to a 36-hole affair, the final round was played over the par 36-36—72 championship Pebble Beach course.

The victory was worth \$2,000. He pocketed an additional \$500 by finishing third in the Pro-Amateur competition with Comedian Bob Hope. They scored a best-ball of 70-64—134.

Two teams tied for low in the Pro-Amateur best-ball with 133. They were Bob Toski, Northampton, Mass., and Dr. Bob Knutson, San Francisco, with 70-63 and Art Bell and William Hoelle, both San Francisco, with 68-65.

San Francisco's Bell finished second to Demaret in the Professional class with a 72-75—147. He won \$1,250, plus \$850 for the Pro-Amateur first place tie.

Gauldin Gets Hole-in-One At Hill Crest Country Club

Everett Gauldin became the second golfer in a week to join the exclusive "Hole-in-One Club."

Gauldin holed out on the No. 4 green at Hill Crest with a nine iron. The hole is 110 yards long. Playing in the group were Gordon Bell, J. D. Williams, Lester Blair and Buster Dixon. Williams had holed out on the same hole last week.

NEW Cough Help FOR LITTLE CHILDREN

For coughs and bronchitis due to colds you can now get Creomulsion specially prepared for children in a new pink and blue package and be sure:

- (1) Your child will like it.
- (2) It contains only safe, proven ingredients.

NCAA Attack On Evils in Sports Set

Cincinnati, Jan. 14. (AP)—The nation's colleges moved into the cleanup phase of their controversial athletic programs today, wielding a whisk-broom instead of a pick-axe.

Out of the maelstrom of resolutions, counter-resolutions and academic double-talk marking the 46th National Collegiate Athletic Association convention last week, these facts emerged crystal-clear:

1. The NCAA plans to attack the evils in its sports setup in a calculated, unhysterical manner, ignoring the prod of a special presidents committee to go in and chop away. A year's study was prescribed for such missuses as bowl games and subsidization practices.

2. All factions—the NCAA, presidents and football coaches—found one solid starting point for the cleanup program. That is, a national standard of entrance requirements and strict universal control of all athletic policies.

3. The NCAA emerged from the crisis stronger than ever, strengthened by the support of the dissident Southern bloc which a year ago perpetrated the death of the sanity code. The South and Southwest backed the NCAA solidly in its refusal to be spurred into drastic action by the presidents committee.

The annual convention, which closed Saturday, followed the script all the way. There was no drastic action, little fireworks and a general attitude of, "well, let's study this thing out first."

The presidents were rebuffed on two main issues in the ten-point de-emphasis program they have recommended to the American Council on Education. They were bowl games and Spring practice.

The convention voted to make an exhaustive study of bowls and other post-season tournaments. A special committee will report next year.

Meanwhile, the 1953 bowl games are on. In the NCAA resolution, colleges were told they should not make bowl commitments after Jan. 2, 1953. That leaves Jan. 1 open.

The first clash between Italian and Ethiopian soldiers occurred at or near Wai Wai on the disputed frontier of Italian Somaliland Dec. 9, 1953.

Football Substitution Rule Under Study by NCAA

White Sulphur Springs, W. Va., Jan. 14. (AP)—"There seems to be continued questions concerning the relative merits of the platoon system versus restricted substitution," said a recent questionnaire to college football coaches.

The rules committee of the NCAA starts wrestling today with an answer to the question for 1952. The substitution rule and other

North Texas State, which created something of a sensation last week by knocking over Oklahoma City University to end a fine winning streak for that team, plays Oklahoma City U. again tomorrow night.

This time it will be in Oklahoma City where the champions of the All-College tournament will be expected to reverse the decision.

North Texas, favorite for the Gulf Coast Conference championship, beat the Sooners 51-49.

The Eagles also started the conference race by licking Trinity twice, taking the first game 84-65 and the second 64-59.

Midwestern, third member of the league, was beating McMurry of the Texas Conference 77-51 and Wayland 75-65 to maintain the best season record. Midwestern has won ten and lost three. North Texas has won nine and lost five but played a tougher schedule.

There are no conference games this week. The schedule:

Monday—North Texas State vs Austin College at Sherman.

Tuesday—Trinity vs St. Edwards at San Antonio, North Texas State vs Oklahoma City University at Oklahoma City.

Saturday—Trinity vs Southwest Texas State at San Antonio.

The word "Yankee" was first applied by the Dutch to a shrewd, tricky fellow, according to a generally accepted version of its origin.

proposed changes will be debated today and tomorrow and acted upon finally Wednesday.

The coaches replying to the questionnaire sent out by their own rules committee voted overwhelmingly, 357 to 106, to keep the present system to unlimited substitution every time the ball changes sides.

However, athletic directors, conference officials and high school coaches have a say in the final authority—the NCAA rules committee headed by H. O. (Fritz) Crisler, of Michigan.

While the rules committee of the coaches is recommending status quo in the substitution system, it is asking a return to the old clipping regulation.

This would make it a foul to hit a player anywhere on the back instead of the only other blow at the waist. The coaches polled were in favor of two other changes, but their rules committee decided against recommending them for adoption.

They will be brought up, however.

The coaches voted 247 to 218 to make the penalty for slugging half the distance to the offender's goal, and disqualification of the guilty party.

It's now 15 yards and disqualification. The coaches also are in favor of making the penalty for intentionally grounding a pass 15 yards from where the ball was put in play instead of 5 yards from the spot where it happened.

Other proposals to come before the NCAA committee are to permit the defense to run with a recovered fumble, make the T quarterback an eligible pass receiver, number players according to positions, and legalize a ball with a rubber cover used experimentally last season.

SIGN OF PROGRESS
in the Gulf South

130 MORE TOWNS ADDED TO UNITED'S SYSTEM SINCE 1941

More than 450 cities and towns are now obtaining natural gas through the facilities of United Gas... and 130 of those have been connected in the last ten years. Many of the residents of those communities learned for the first time the comfort, convenience and economy of dependable United Gas service.

This is, indeed, a notable sign of progress in the Gulf South.

The steady growth of United Gas during the past decade is a reflection of the development taking place in virtually every field of endeavor in the Gulf South. That's why we, like you, have faith in the future of this great region.
